

NT INDIA MANYATA TOASTMASTERS CLUB

Guest Hand Book

Do you have a fear of public speaking? Does making eye contact while talking to unknown strangers terrify you? Do you want to enhance your leadership and public speaking skills and be a great leader? If the answer to the above questions is yes, then you have reached the right place.

What is Toastmasters?

Toastmasters International is a non-profit educational organization that teaches public speaking and leadership skills through a worldwide network of clubs.

Why Toastmasters?

We at Toastmasters learn by doing. It is a community of people who learn and grow

together both professionally and personally. We open up a world of new possibilities, while being creative, learn to speak confidently, smoothly, positively.

We get opportunities to lead meetings, mentor fellow individuals, review performances and give effective feedbacks.

What's in it for you?

The club has a supportive and welcoming environment. Everyone brings value to the table- from complete beginners to advanced speakers play an important part in the meetings. No member is forced or rushed or pressurized, and one can always progress at their own pace.

As the only way to excel at a particular thing is practice, at Toastmasters, you can practice at your own pace and as much as you want. From giving prepared speeches to impromptu table topics which are fun and lets one respond candidly, and with constructive feedback, one can always have a room for improvement.

Values of Toastmasters:

Integrity. Respect. Service. Excellence, these being the core values to the Toastmasters International. We value all our members, supporting them with unlimited personal growth, helping them in communicating clearly, with confidence, enhancing their skills to communicate and lead effectively, boosting self-confidence by increasing their self-awareness through positive mentoring and networking with multiple individuals within and across the various clubs and Areas.

Pathways:

Toastmasters offers a wide range of pathways to choose from which caters individuals to reach their goals. Each pathway has 5 levels to be completed and each level has detailed guide with video and infographics that explains how and what to be focused on while delivering the speech. These are self-paced and every individual that completes levels within a single term earns crowns from the Club and the Area.

Why the Manyata Club?

We at the Manyata Club believe in continuous learning through practice. Every member is valued and welcomed. Thinking out of the box and putting a little extra effort in our every club meeting, valuing every member's opinion and respecting their need to growth is our club's strength.

Though every new member is assigned to a mentor, we still believe that each has their own comfort and can reach out to any from the group who even has little experience, can guide and encourage individuals in the club. We believe in putting our best foot forward and work together as team to develop and grow, both personally and professionally making sure that we have fun with every new learning and opportunity.

What does a typical meeting include?

A typical meeting of Toastmasters includes 3 sections : Prepared speeches, impromptu presentations, known as Table Topics and evaluation . Before every meeting, roles get opened and anyone could pick up any roles starting from Toastmaster of the day (Host) , General evaluator, Ah counter, Grammarian , Listener, Timer and a table topic master. Every role has its specification and at the end of the meeting a constructive feedback is given to every speaker, both prepared and impromptu ones and an overall evaluation of the meeting is given. Each time you give a prepared speech, an evaluator will point out strengths as well as suggest improvements. Receiving – and giving such feedback is a great learning experience. In Toastmasters, encouragement and improvement go hand-in-hand.
